

Fall Nights

BEING MORTAL Discussion Group

Monday evenings –
October 22 and 29, 2018
7:00-8:30pm

As the weather cools, bundle up in a blanket and read Atul Gawande's interesting take on how medical advancement has changed the way we approach the end of life.

Join us for discussion about the roles that medicine and technology play in our lives.

Who doesn't love discussing a good book with a hot chocolate in hand on a cool, fall night?

Name _____

e-mail _____ phone _____

I will attend Fall Nights _____

Please order me a book at \$10 _____

I will get a book on my own. _____
