RE Catechist Calendar 2020-2021

Protecting God's Children and Diocese of Joliet Safe Environment training

This is a proactive training to ensure children in our program are kept safe. All new catechists must complete this program and all diocesan documentation before you can begin to teach. Returning catechists will also have to complete new DCFS training. You will receive information about how to complete training at later date.

On-Going Diocesan Formation

All veteran catechists are expected to spend at least six hours in on-going faith development. The days, times and topics are yours to choose. Recording the on-going hours is your responsibility. The six hours should be completed by June 1, 2021. See the website for forms and details. Attending Catechist Training is 2 hours and RE keeps track.
